### Standing Committee on Annual Meeting Planning

Dear Colleagues,

I hope that by now you have kept in your diary, the dates of **September 18-20<sup>th</sup>, 2019** for our Forum and Annual General Meeting to be held in Ottawa, Ontario.

Our three Co-Chairs for the Forum, Philip Berger MD, CCPC, FCAHS, Laurence Kirmayer MD, FRCPC, FCAHS, FRSC and

Meb Rashid MD, CCFP, have constructed an excellent program. With the capable assistance of Cate Creede, they have allowed for engagement of the Fellows of the Academy in the discussion. The topic for this year's Forum "**Promoting Health for Refugees in an Era of Forced Migration**" is topical, timely and highly relevant to Canadian society. Cate has worked to ensure that the panelists are planning dynamic, interactive and thought-provoking discussions that will give everyone a chance to reflect on their own practice, research, advocacy and education in this context, and develop ideas for how they can act

In addition, this year, we are co-hosting a **PUBLIC LECTURE** on **Wednesday September 18<sup>th</sup> at 1600hrs at the Fairmont Chateau Laurier** immediately preceding our Forum in order to publicly profile the issues and promote an enhanced public dialogue. The keynote speaker at this Lecture will be the well-known Canadian physician, humanitarian and advocate, [James Orbinski OC, MSC, MD, MA](#). All Fellows are welcome to attend this lecture at no cost but are asked to register separately with Allison for this at [Allison.Hardisty@cahs-acss.ca](mailto:Allison.Hardisty@cahs-acss.ca).

The Forum program speakers are outstanding thought leaders from across Canada. Already, through the planning process, has become obvious that our current experience with refugee health in Canada is the tip of the iceberg. We are entering a period of mass migration, and everyone in Canada who works in health and social services will encounter the complex set of issues related to this population. The expert speakers who hail from across Canada will show that refugee health is not about a niche population, but about global issues common to all Canadians such as access to care, human rights, and child development. Effective action in refugee health and wellbeing depends on the capacity for people across the spectrum of health and social services to integrate the needs of this population into their care, teaching and research.

*Registration is now open!*

Please remember that we rely on our Fellows, to keep us abreast of their own news and that of their colleagues. We look forward to hearing from you throughout the year and to receiving photographs that we can publish in the Newsletter to promote and celebrate our collective success!

Thursday's Forum will feature a special luncheon presentation from BARTHA KNOPPERS PhD, ADE, OC, OQ, FRSC, FCAHS as the 2019 Recipient of the [HENRY G FRIESEN INTERNATIONAL PRIZE IN HEALTH RESEARCH](#). In the evening we will celebrate the Induction of our new Fellows. We will also induct FREDERICK H. LOWY MD CM and MARTHA PIPER OC OBC FCAHS as DISTINGUISHED FELLOWS recognizing their achievements and commitment to improving health that have been truly extraordinary.

Our Friday morning Lecture series will recognize RODERICK R. MCINNES, recipient of the *2019 Paul W. Armstrong Lecture Award*, and JEHANNINE C. AUSTIN, recipient of the 2019 CAHS Scientific Lecture. We will once again present a joint presentation of the CAHS CY FRANK LECTURE and the University of Calgary [CY FRANK LEGACY LECTURESHIP](#) commemorating our esteemed colleague who contributed so much to the Academy and to health science in Canada. STEFAN LOHMANDER MD, PhD from Lund University Sweden will to *From early-stage osteoarthritis to joint surgery: Progress and challenges to improve care for more than 4 million Canadians.*

I look forward to seeing you in Ottawa!

**Gavin C.E. Stuart MD, FCAHS**  
Chair, Standing Committee on Annual Meeting Planning
