CONFERENCE VENUE

Hotel Omni Mont-Royal
1050, rue Sherbrooke Ouest
Montréal, Québec

CONFERENCE OVERVIEW

The Canadian Academy of Health Sciences (CAHS) hosts an annual Forum bringing together CAHS Fellows – world renowned leaders in academic health sciences – to share expertise in an interdisciplinary setting. The series, now in its 16th year, focuses on important and emerging new areas of health sciences research and practice.

This event brings CAHS Fellows from across the country together with experts in the field. It provides an unparalleled opportunity to showcase your programs, products, services and innovations to leaders of key regional and national markets.

PROGRAM

The 2021 Forum, led by Co-Chairs Distinguished University Professor Sandra Davidge, PhD, FCAHS at the University of Alberta and University of Toronto Professor Emeritus, John Challis, PhD, FRSB, FCAHS, FRCOG.

This topic is highly relevant to all of us engaged in the health sciences. Predisposition to disease is affected by a broad range of factors, genetic, epigenetic and environmental. It is now well established that maternal or paternal influences, factors pre- or peri-conception, during pregnancy or in the early postnatal period predispose an individual or population to major non-communicable disease conditions, including coronary heart disease, obesity, Type II diabetes, immune, behavioural and neurological conditions.

The 2021 CAHS Forum will examine current understanding of mechanisms underlying the developmental origins of health and disease (DOHaD); discuss new ways of predicting predisposition to disease and apply that knowledge to the diagnosis, intervention and prevention of non-communicable disease across health disciplines. The discussion will apply to indigenous and immigrant populations as well as non-Indigenous Canadians to inform proposals for altered practice and government policy.

WE OFFER THREE SPONSORSHIP PACKAGES

GOLD SPONSOR - \$10,000

Sponsor Benefits:

- Five (5) complimentary registrations
- One (1) complimentary display in conference exhibition area
- Sponsor banner displayed prominently throughout the conference
